

Since 1989, residents and friends of Pine Cay have supported **Pine Cay Project**, an initiative that promotes educational excellence for the children, youth, and adults of the Turks and Caicos Islands. With charitable donations from the Pine Cay community and beyond, **Pine Cay Project** has to date awarded over \$1.1 million in competitive grants for educational improvement in TCI schools and other youth-serving organizations.

Pine Cay Project recently unveiled its first website, which describes the achievements of the TCI students, educators, and civic leaders who have partnered with **Pine Cay Project** in this improvement effort.

The Project has also recently issued its 2019 newsletter, describing the grants awarded by **Pine Cay Project** in the 2018-19 fiscal year; the newsletter can be downloaded from the website's home page. All of us in the Pine Cay community take enormous pride in what **Pine Cay Project** has accomplished, and we invite you to learn more about this remarkable initiative. **Pine Cay Project** is an independent corporation, formed as a charitable nonprofit organization under U.S. law.
